LOBBY GALLERY ART  
COURTESY OF  
GRANT CENTER FOR THE EXPRESSIVE ARTS

Tacoma Little Theatre has an ongoing relationship with Grant Elementary School. Our staff has provided workshops for teachers and students, as well as serving as consultants to faculty and administrators as they develop curricula to transform Grant Elementary into a magnet school for the arts.

In a recent year-long project, students wrote, developed and performed their own original musical, *Destiny's Dream*. It was performed in our theatre on May 4, 2000. We are currently evaluating the success of that program with an eye toward developing future projects while continuing to support Grants programming choices when possible through our school performance program and gallery. Many talented students from Grant were a part of this summer's touring production of *The Pied Piper* as part of our annual Summer Theatre Institute.

### Director's Notes

19<sup>th</sup> Century Humanist Robert Ingersoll once penned, "The greatest test of courage on earth is to bear heartbreak without losing heart." Perhaps this gives us insight as to why *Oliver!* remains so popular 5 decades after its opening night. From the moment he utters those immortal words, "Please sir, I want some... more?" Oliver takes his audience on a journey of unspeakable struggle through the depths of human misery, and yet emerges in triumph. In these recent times of trial, we as a nation would do well to remember that courage need not mean the absence of fear, but rather the persistence of hope. As heroes emerge and our nation heals, we understand that our country's story, like the story of young Oliver Twist, is about nothing less than the resilience of the human spirit.
